

Per Colorado State Law (C.R.S. § 25-49-103), here are our most common services and self-pay rates in 2026, when people are privately paying for our services:

CPT code	Service	Self-pay price
90791	Diagnostic intake / initial assessment	\$195-390, varies by clinician
90832	Individual psychotherapy, approx. 25 minutes	\$100-140, varies by clinician
90834	Individual psychotherapy, approx. 45 minutes	\$195-280, varies by clinician
90837	Individual psychotherapy, approx. 60 minutes	\$195-280, varies by clinician
90846	Family/couples therapy without patient present	\$195-280, varies by clinician
90847	Family/couples therapy with patient present	\$195-280, varies by clinician
90853	Group psychotherapy	\$75-95, varies by clinician

The health-care price listed for any service is an estimate. Other services are usually charged on a per-minute basis at that clinician's prevailing typical self-pay rate, assuming 50 minutes (e.g., \$280/50 minutes = \$5.60/minute). Actual charges may vary depending on the circumstances at the time the service is provided. If you are covered by health insurance, you are strongly encouraged to contact your health insurer to determine your financial responsibility for services provided by this office. If you are not covered by health insurance, you are strongly encouraged to contact our billing office at **303-547-3700** to discuss payment options before receiving services, since posted health-care prices may not reflect the actual amount of your financial responsibility. In either case, you have a right to request a self-pay estimate.
